YMCA NORTH TYNESIDE

CHARITY INFORMATION

YMCA North Tyneside is a vibrant community organisation dedicated to empowering young people and supporting vulnerable individuals across North Tyneside, South Tyneside, Northumberland, Bishop Auckland, and North Yorkshire. We deliver a wide range of impactful programs, including supported housing, engaging youth clubs, dynamic holiday activities, and transformative residential trips. Our mission is to foster healthy, happy, and connected communities by providing essential resources and opportunities that enable individuals to belong, hope, contribute and thrive. We believe in building strong foundations and creating lasting positive change in the lives of those we serve.

PROPS NORTH EAST

CHARITY INFORMATION

The charity was founded in 1997 as a result of local women's concerns about absence of support for families. PROPS initially began as a peer support meeting evolved into a group of active citizens with enough confidence to take action on social issues surrounding drug and alcohol misuse, in particular the emotional, health and economic effect on carers. In a relatively short space of time PROPS grew from a small community group to a charity which has helped thousands of families from the North East and beyond.

We offer practical help and emotional support for families of drug and alcohol users. Our structured programmes include Community Reinforcement Approach and Family Training intervention (CRAFT). This internationally renowned program is delivered by a team of qualified and experienced therapists. Our tailored approach ensures you'll receive the support that meets your specific needs.

As a charity, we rely on fundraising to make sure that our service is able to provide the best possible support. We are proud of the difference we have made to the lives of our carers over the last 27 years and we hope we can continue this moving forward with your support.

Why we have chosen to work together...

YMCA North Tyneside and Props North East, two dedicated organisations working to empower individuals and strengthen communities across the region, are delighted to announce their partnership for a special Winter Ball. This collaboration reflects a shared commitment to making a tangible difference.

By pooling their resources and networks, they aim to raise crucial funds to support their respective missions: enabling YMCA North Tyneside to continue its vital work with young people and vulnerable adults, and empowering Props North East to further its impactful initiatives. This joint venture highlights their collective belief in the power of community spirit and the importance of investing in a brighter future for all.
